Working Bee Activities

There have been a great deal of new works at the Clubhouse in recent months.

Thanks to Phil and the Wednesday group, we now have a great new pergola area (which was very much appreciated at the Christmas party!).

Thanks to Paul and attendees at the working bee, we now have more stable walkways and less scouring through the grounds.

Here are a few photos of the grant funded works being undertaken.

Further working bees will be required in early 2024 to complete the works. Email notification will be provided.
